Mr. Thayer advocates the building of a score of ice plants in this city with a capacity of 5,600 tons a day. These, he says, would supply 2,000,000 tons a year, or almost enough to supply the demand in the Borough of Manhattan and the Bronx. The average price is \$1.10 a ton or even less. That would put the Trust out of business.

They have recognized this, and for a year have been quietly buying up all the artificial.

Judge Decides the Case Against Him Was Not Proven.

Justice Fitzgerald, in the Sapreme Court, to-day granted a certificate reasonable doubt in appeal in the case of James B. Kellogg, the Dean Company swirdler, who was convicted of larceny before Recorder Goff.

Justice Fitzgerald in his opinion holds

effect that in Kellogg's case "the act stated was not proven and the act proven Should the Court of Appeals take the same view the prosecution of Kellege will go for naught. Pending decision by the higher court, the certificate granted to-day acts as a stay of execution, so that, although he has been

sentenced, Kellogg may be admitted to OUR NAVY WHIPS CHINA
